## Copyright

Pryor Cashman's Intellectual Property attorneys are skilled and experienced in all aspects of copyright protection and offer a full range of legal services in connection with copyrights. These services include advice on the protectability of creative material and other intellectual property, copyright registration and assistance in obtaining copyright protection in the U.S. and throughout the world.

We also advise and provide litigation services for actual or potential copyright infringements and advise clients on how to avoid infringement of other copyrighted material. We provide full legal services in all aspects of assigning and transferring copyright ownership and in searching and providing advice regarding the copyright or public domain status of existing works.

Pryor Cashman's Intellectual Property attorneys are also experienced and skilled at negotiating and drafting agreements to acquire, sell or license copyright interests in all types of creative material including music, drama, books and visual art.
