

## Activities

At Pryor Cashman, we welcome summer associates into our social structure – the *esprit de corps* shared by our partners and associates. We believe that forming social connections is important for building a career and a life. We get together for lunches, dinners and cocktail parties. We go to baseball games, have a “bowling night” and engage in many other activities. Summer associates also have the opportunity to play on the firm’s softball team in the Central Park Lawyers’ League.

Most summers, Pryor Cashman hosts a firm outing at a nearby country club, providing a chance for us all to get to know each other better in a casual, relaxed setting. During the outing, summer associates join the rest of the firm enjoying golf, tennis, swimming and just plain lounging about, capped with an evening of socializing over drinks and dinner.
